

The Islamic Institute of America NEW BUILDING PROJECT

SPONSORSHIP OPPORTUNITIES

Assalamu-Aleikum,

Since the inception of the Islamic Institute of America, we always knew that this would be the first phase in our growth as a community and institute. Over the years we had plans to expand our current Mosque and improve our banquet capacity, dining hall and kitchen facilities. Al-Humdillah, we now have an opportunity to go beyond our first dreams of expansion to now having the opportunity to build a new and beautiful Mosque that will be able to support the needs of our growing community. Through patience and perseverance during the pandemic and through the grace of Allah (swt), this opportunity has now become available and we hope to make it a reality with your support.

In recent months, we have begun the preliminary planning through the City of Dearborn Heights to move forward with our new Islamic Institute of America. Through Allah's (swt) grace and blessings, we are excited to see the project underway and we cannot wait to see when the first set of walls go up. Our new Mosque will be one for ALL of the community so that our Ummah can have another place of worship not only for Friday Prayer or holidays, but for whenever any of our community needs somewhere to reconnect with Allah (swt) no matter who they are or where they grew up. We are one community and every Mosque is everyone's Mosque.

As we move forward to make this dream a reality, we need to continue to work as one Ummah. We are a community that is hyper-focused on the needs of one another through prayer, kindness, thoughtfulness, and respect. In order to do so, we still need our community's support to ensure that we build a Mosque that can reach these goals. We need support not only financially but also spiritually to make this happen. We have an opportunity today to make the future a bright possibility for ourselves, our children, our grandchildren, and the future of our Ummah.

With the grace of Allah (swt), the support you provide will multiply itself financially, provide services fundamental to a community that is growing, and most importantly, will continue to provide you reward within this life and continuation in the next life.

"Verily those who give alms – be they men or women – and give Allah (swt) a beautiful loan shall be repaid after increasing it many times; and theirs shall be a generous reward." – Quran, 57:18
